

About Us

The Clearview-Homes Group has several companies under one umbrella concentrating in all aspects of the property market. We are fully licensed and based on the idyllic island of Madeira offering new affordable luxury homes primarily for overseas property buyers.

Our knowledge and experience in guiding clients through the sometimes confusing task of buying a property on Madeira is second to none. Within our group of companies we have years of experience & have many satisfied clients. The company's operations are based in the village center of Ribeira Brava, one of the most sought after residential areas of the island.

David Albon the managing director of the Clearview-Homes Group is your prime contact and he will see you through every aspect of buying and personalizing your dream home.

All our developments are owned, designed, supervised and constructed by the Clearview-Homes Group, whose fulltime employees cover professions such as construction, architecture, engineering, design, marketing, economy / accounting and law.

We have many developments in construction along the south coast of Madeira to suit every body's requirements and budgets.

All purchases are undertaken on a 'turn-key' basis. If the property you are interested in is still under construction then you can decide on your kitchen, bathroom, wall tiles and flooring etc so the finish is chosen by you and completed to your tastes. If necessary we are more than happy to re-design the project to your wishes and needs and just as importantly to your budget.
